MEMORANDUM FOR: Director of Central Intelligence
 Deputy Director of Central Intelligence

THROUGH: Chairman, NIC
 Deputy Director for Intelligence

FROM: [REDACTED]
 Chief, Arms Control Intelligence Staff

SUBJECT: SIG on START, 15 April 1982

25X1

1. [REDACTED] I attended the meeting, which was chaired by Larry Eagleburger. The purpose of the meeting was to discuss the various units of account (i.e., launchers, warheads, throw-weight, etc.) being considered for the U.S. START position in anticipation of an NSC meeting now scheduled tentatively for Wednesday, 21 April.

25X1

-- To give you an opportunity to read into the problem over the weekend, I am providing you with a copy of the briefing book I prepared [REDACTED]

2. The basis for discussion was a paper prepared by State with participation by all but OSD (who refused). It is at TAB A in the briefing book. There was a consensus (absent State) at the meeting that the paper was not suitable for the NSC (tilted, not clear or focused) and that a new one would be prepared by SIG principals over the weekend. I will take part in this exercise. The charge is to draft a three-page paper which lays out the issues clearly and objectively, together with one or two page papers by each agency stating their views.

3. At the meeting [REDACTED] Soviet reactions and I briefed on Allied reactions and verification using the talking points at TABs C, E and F respectively. (I will digest and consolidate these talking points for your use at the NSC meeting.) [REDACTED] also pointed out that the issue of [REDACTED] is pertinent to a discussion of units of account.
